1. Introduction

This Application Guide provides an overview of the application process for the NRF Honours and Final Year Bachelor of Technology (B Tech) Block Grant Bursaries. It should be read in conjunction with the [NRF Honours and Final Year B Tech Block Grant Bursaries](#) Framework document. The Framework document provides detailed information with respect to the objectives of the funding instruments, eligibility criteria and other requirements. This document does not however, constitute a complete set of policies, procedures or systems applied by the NRF.

2. Application Process

The NRF is publishing the NRF Honours and Final Year B Tech Block Grant Bursaries Call on the NRF website www.nrf.ac.za, which is accessible on the NRF Online Submission System <https://nrfsubmission.nrf.ac.za>. Each applicant is limited to one (1) application only for this Call. **Once an applicant submits the online application, it will be automatically routed to the institutional Designated Authority (DA) of the institution where the applicant intends to undertake the Honours / B Tech study.** Institutions have an earlier internal closing date and applicants should contact their respective institutions regarding closing dates and status of applications.

The processing of applications takes approximately five (5) months from the closing date of the Call until the decisions are made.

3. How to Create an Application

Applications must be completed on the NRF Online Submission System at <https://nrfsubmission.nrf.ac.za> from **October 2017**. Applicants are advised to complete their applications soon after the call has opened to prevent IT system overload nearer the **closing date which is 15 January 2018**. Below are steps to follow in order to create an application.

Step 1: This is an electronic submission system and applicants must be registered on the system to create and complete an application. Click on New Registration and complete the registration screen **if you are not registered yet**. Use your ID number and password to login as indicated below

Information

- PLEASE NOTE: The summary below only lists output records that were migrated from the previous NRF Online system. New records that are added on this system will not form part of this summary.
- Applicants must ensure that their CV is updated/completed before creating an application.
- In order for your migrated research outputs to show on the CV or be accessible for selection on applications that require your publication record, you **must** verify (review) the outputs listed in the **Research Outputs Summary** table below. In order to do this, click on the output type that still has outputs to be verified (see the To be Reviewed column). Scroll to the bottom of the screen and a heading saying cleaned-up research output records from NRF Online will be displayed. Click on the little black arrow. This will display the output(s) that needs to be verified. Then click on the View icon, it will open a screen with the data for the output. Please fill in the missing information and save the page. If you have more than one output per output type, click on View for the next output. Do this for all the outputs, the output type on the landing page should now say 0. Move on to the next output type and repeat the process. Should you wish to delete an output, then click on the Feedback box, fill in the **Feedback to the NRF box** (e.g. output duplicated, please delete) and in the **Status** field, please select Delete.
- In some cases, researchers' outputs don't show at all. The reason for this is
 - The ID/passport number which the cleaned data was linked to when the clean-up exercise was undertaken differs from the ID/passport number you have just used to login to the NRF Online Submission System.
 - No outputs were added on the old NRF Online system so there was nothing to migrate. If there were outputs on the old NRF Online system but they do not show in the summary below, you need to ensure that the ID/passport numbers used on both the old NRF Online and this system (NRF Online Submission System) are the same. Please contact the NRF should your outputs not show so that this can be rectified.

Step 3: On the Qualifications screen, click on “Add” to add the Qualification Record. Enter the level of study as well and click on “Add” to complete the field of study.

Qualification Record

Instructions

- An * at the end of a field label within a section denotes that this is a compulsory field, and the section will not be saved unless all compulsory fields have been completed.
- Please ensure that the level and degree are the same, e.g. Masters (level) and MSc (degree).
- Postdoctoral fellowships do not fall under Qualifications. Please capture these under Career Profile.
- **Should your qualifications history have been migrated from a previous NRF Online system, please click on 'Edit' and check that all the fields have been completed and are correct.**

Step 7: All sections in this application are compulsory. These sections must be completed in order for the final submit button to appear. Completed sections will be indicated by a green tick on the Edit Application menu. Application screens have specific instructions to assist applicants to complete the sections. The instructions on the screens guide applicants on the requirements in each section. An error message appears when the section is incorrectly/incompletely completed. Applicants must follow these messages to complete the section correctly.

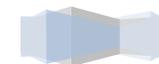

Edit Application

Instructions

- The online application is a time-consuming process, and it is recommended that you set aside more than sufficient/adequate time for compiling the application. The application can be completed in more than one session - remember to **click on save after each entry**.
- **Strictly adhere to your institution's internal closing date for submission of applications, as it will be prior to the NRF's closing date.**
- Click on the Edit icon next to each section to add or edit the relevant information.
- An * at the end of a **field** label within a section denotes a compulsory field, and the section will not be saved unless all compulsory fields have been completed.
- An * at the end of a **screen** denotes a compulsory screen; it is not possible to final submit the application unless all compulsory screens have been completed.
- **The 'Final Submit' button will be activated once all compulsory fields are complete.**
- A timeout will appear when there is no activity on the system for 25 minutes. Click on the refresh button (in the popup box) for continuation/completion of the application. When clicking on the close button the system will close.
- Click on the SAVE button to save information before clicking on RETURN TO MENU, otherwise all captured data will be lost.
- **An ERROR message appearing signifies that fields are incomplete. Address the errors and save as unsaved information will be lost.**
- A section marked with a cross (✘) in the 'Complete' column indicates that the section is incomplete or needs to be checked for completeness/correctness of information. Should the section be compulsory this will be indicated by an asterisk (*) at the end of a section. Click on the Edit icon (✎) and check/complete the section and then 'Save'. The ✘ will change to a ✔ to indicate that the section is complete/has been updated. The date in the 'Date Updated' column will change to the date the update was made.
- Please update all incomplete records in CV sections marked as incomplete, for example, Qualifications and Career Profile:
For Qualifications, check that a highest qualification has been selected, that no date field defaults to 1945, and that there is a Field of Study specified.
- For Career Profile, check that no date field defaults to 1945.
- Please ensure that you have read all the Call Information Documents and abide by the eligibility rules.

Final Submit ℹ

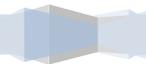

Step 8: The Details of Nomination section requires the name of the institution where the student will be studying for Honours or B Tech degree as well as an indication of whether funding is required for a semester or a full year.

Step 9: Under the Details of Degree section, applicants are required to fill in details of the degree, field of study that is applied for and information related to past studies and future intentions. Under Degree/Diploma, please provide the degree you are applying for e.g. B Com (Accounting)

The screenshot shows a web application interface with a sidebar on the left and a main content area. The sidebar contains a 'Reports' section with a 'Logout' button and a 'Quick Links' section with several red links: 'Grantholder Tools', 'Institution Facilities', 'Panel Meetings', 'Application and Output History (NRF Online)', 'Application History (NRF Interim)', and 'SKA SA Grants'. The main content area is titled 'Details of Degree' and features a 'Support' link in the top right. Below the title is an 'Instructions' box stating 'Please complete all information below.' The form fields are: 'Level of this Degree' (a dropdown menu with 'Select an option' selected), 'Degree/Diploma' (a text input field with a blue arrow pointing to it), 'Field of Study' (a dropdown menu with an information icon), 'Department' (a text input field), 'Registration Year' (a text input field with '2017' entered), 'Required Start Date' (a date picker with '2017/02/01' selected), 'End Date' (a date picker with '2017/10/25' selected), 'Cumulative Grade Point Average' (a text input field), and 'Do you intend to continue to Master's in the future?' (radio buttons for 'Yes' and 'No', with 'No' selected). At the bottom of the form are 'Save' and 'Return to Menu' buttons.

In the cumulative grade point average block, applicants are required to enter an academic average by adding up the marks of courses already passed or marks of undergraduate degree already obtained, and divide these by the number of courses.

Step 10: The Attachments section provides specific instructions to upload attachments to the application. The applicant is required to upload the following documents: (i) certified South African identity document (ii) certified academic record, and in cases of an outstanding academic record, the applicant must attach an official (university letterhead) stamped and signed fees statement (iii) proof of NSFAS or University Financial Aid funding to be attached where the applicant indicated that they were funded from these sources (iv) medical certificate for applicants with a disability.

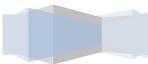

Attachments

Instructions

- Please consult with the Call documents to determine what attachments are compulsory. Please note that if they are not attached, the application will not be processed for reviewing.
- Capture an appropriate Description for the document to be uploaded.
- Select the Document Type to be uploaded.
- Click the Browse button below to select the file on your local machine.
- Click on the Upload button to save.
- Upload pages individually if document is larger than 4MB. **(For rating applications, please see specific instructions in this section of the rating application.)**
- Please do not upload zip files. Acrobat reader has built-in security to prevent the opening of zip files by default (please read the article at <http://forums.adobe.com/thread/520515> for more information).

Step 11: Once all sections have been completed, the final submit button will appear. Click OK to submit the application. If all the compulsory sections are completed and the final submit button does not appear, select any section and resave to refresh the application; the final submit button should then appear.

Applications that are incomplete, that contain insufficient or incorrect detail, or fail to comply with instructions, will be rejected. The application must be completed in sufficient detail to allow for a comprehensive validation and institutional review.

Applicants must ensure that they adhere to the internal closing date for submission of the application to allow for institutional screening and review process, as well as the NRF closing date for processing the nominations.

4. Screening and Review Processes

4.1 Overview of the Screening Process

All submitted applications will be validated and screened by the institutions according to the funding instrument requirements. Institutions must reject applications that fail to meet the stipulated requirements.

4.2 Overview of the Review Process

The NRF's peer review policy requires that all applications are subjected to a review process. Applications submitted to this funding instrument will go through a competitive Institutional Review process.

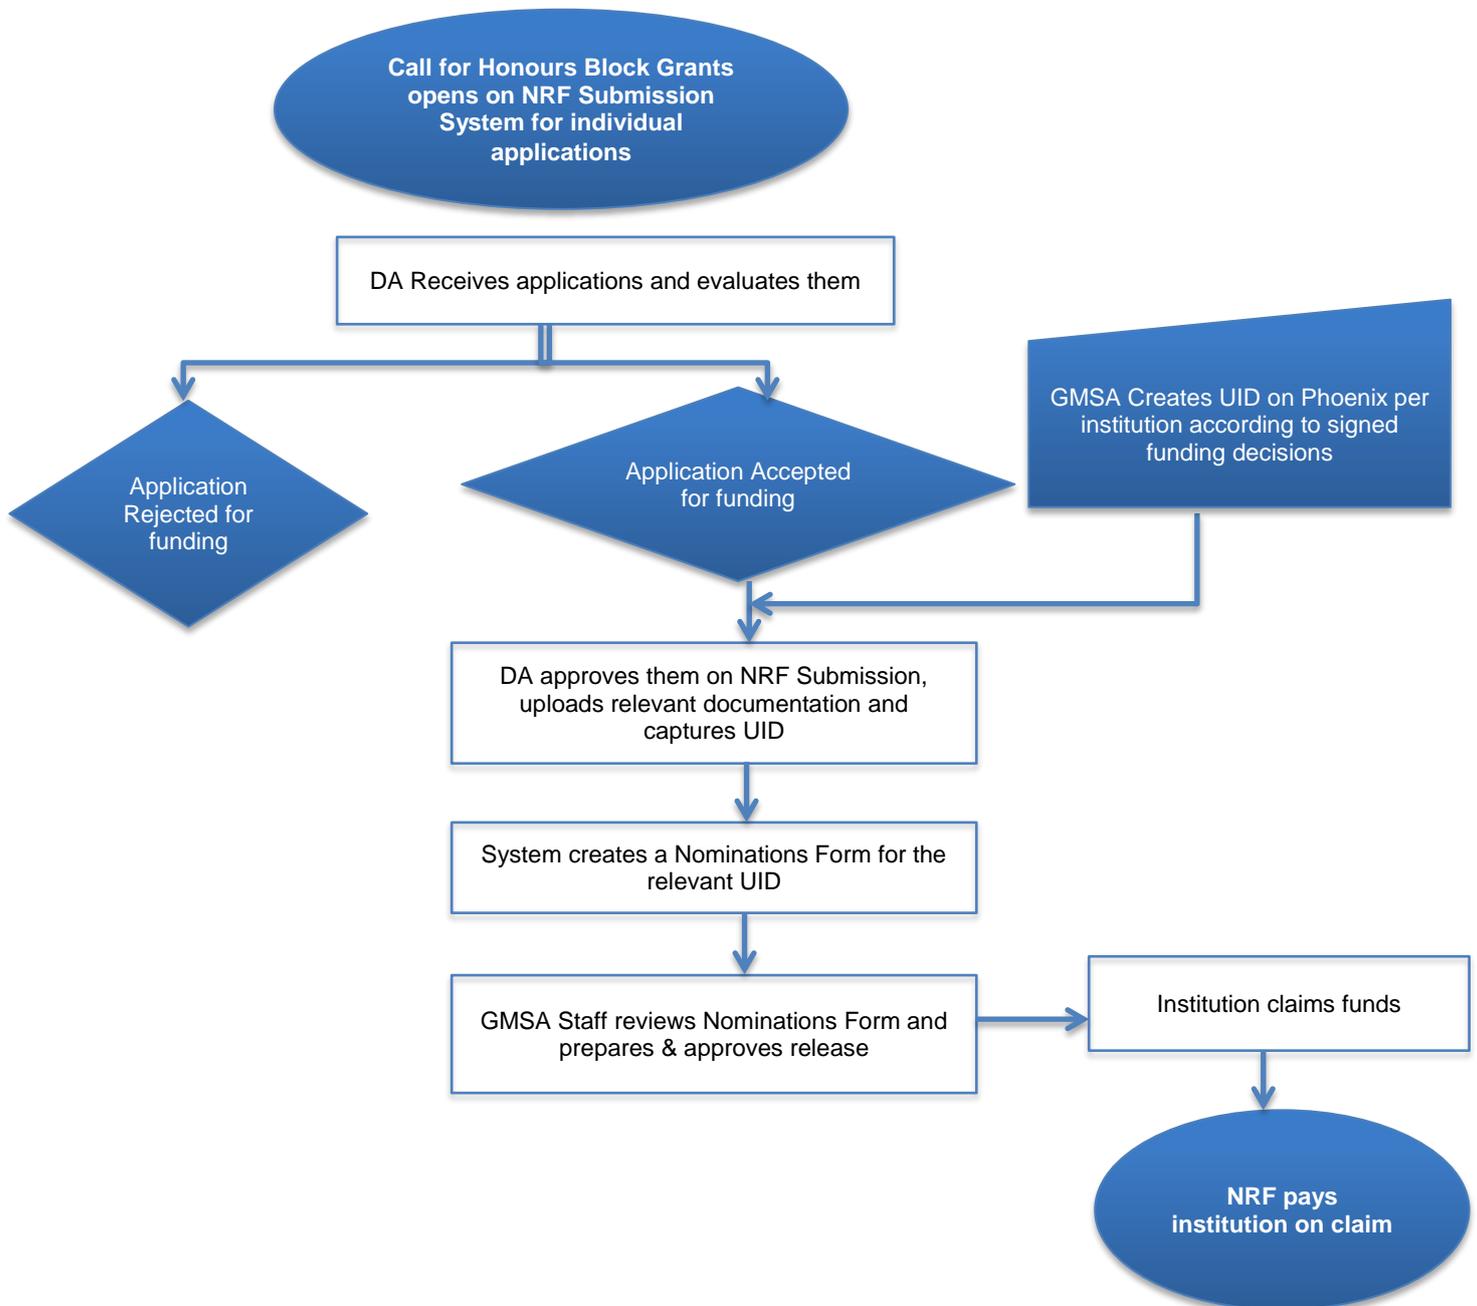

4.3 Scoring of Applications

The process for scoring of applications will be communicated to the research offices.

5. The Delegated Authority Nomination and Award Processes

The review process will follow the steps shown in the diagram below:

The NRF will allocate a set number of bursaries to each university based on institution historical uptake of grants, equity targets, expressed need and the available budget. Institutions will use a standard score card provided by the NRF to evaluate each application, before selecting and nominating students to take up the allocated bursaries.

6. Application Feedback and Disputes

As mentioned above, the Honours/B Tech application is a competitive process and institutions will notify successful awardees. Applicants must enquire with their institutional delegated authorities.

7. Application and Nomination Process Timelines

- All students must apply on the NRF Online Submission system at: <https://nrfs submission.nrf.ac.za> and follow the application process set out in the Application and Funding Guide for 2018. The submission deadline for applicants is **15 January 2018**.
- Applicants must consult their Research or Postgraduate Offices for the institution's internal closing date, to ensure validation by institutional DA's on the eligibility of the application.
- The DA closing date for validation of applications is **16 February 2018**. The DA will validate all eligible applications for consideration under the selection process.
- Institutions will nominate students for a bursary award on the NRF Online System, based on the Block Grant allocation to each institution and set equity targets. This nomination process will take place from **19 February 2018 to 30 March 2018**.
- Nominated students must be approved by the NRF on the NRF Online system.
- DAs must upload and submit to the NRF the signed Conditions of Grant (CoGs) and proof of registration (PoR) documents for all approved students no later than **27 April 2018**.
- Unspent or unclaimed institutional funds under this allocation will automatically be cancelled by **29 June 2018**.
- Institutions must report on student completion by **28 March 2019** on the NRF student completion database.
