of Technology

We empower people

Communiqué

From the Office of the Vice-Chancellor

9 November 2020

Dear Student,

LET'S MAKE THE EXAMS A SUCCESS TOGETHER

Today, many of our students sat for their first day of examinations this year. Although the exams ran smoothly, there were unfortunately disruptions at the eMalahleni Campus. However, the University will ensure that the students who could not write as a result of these disruptions will be afforded the opportunity to write today's exam later on in the examination period.

The Management and Senate of the University wish all our students the best of luck with the rest of the exams.

Together we will make this exam and the 2020 academic year a success.

Stay safe and study hard.
