SUBJECT INFORMATION (OVERVIEW OF SYLLABUS)

The syllabus content is subject to change to accommodate industry changes. Please note that a more detailed syllabus is available at the department or in the study guide that is applicable to a particular subject. On 01 September 2017, the syllabus content was defined as follows:

D

DISSERTATION: FINE ART (FAR500T/R)

DISSERTATION ASSESSMENT

(Subject custodian: Department of Fine and Applied Arts)

The student should produce research in a chosen field that is in, about, of or through art or related fields and should contribute to knowledge production in that field. The research problem, its justification, process and

outcome are reported in a dissertation. Should the candidate choose to include a practical body of work and thus produce practice-based research, the outcome of the practical component must be exhibited or presented in a public forum and should comply with the generally accepted norms of research at that level. Research protocol is controlled by an internal supervisor with whom weekly contact is encouraged. In addition, a co-supervisor with expertise in the chosen field of study may be appointed, if necessary. (No formal tuition)
