

GENERAL FACULTY RULES

At the Faculty of ICT the following rules apply:

1. A student may repeat any subject offered in any of the qualifications at the Faculty of Information and Communication Technology only twice. However, students currently registered for their foundation year, may repeat a subject only once.
2. Students must complete all subjects before registering for Industry Exposure IIIB (this is not applicable to phasing-out programmes). Students with only one subject outstanding may be allowed to register for Industry Exposure IIIB, with the approval of the Head of Department.
3. Access to a laptop or desktop computer is essential to participate in multimodal learning experiences as well as to complete assignments and projects. NSFAS students receive an allowance to acquire a laptop, and using this allowance for this purpose is critical for academic success. Students are encouraged to consult the faculty website where the minimum requirements for specific programmes are published.
