RE: BUILDING 31 AIR-CONDITIONING PROJECT DELAY AND THE WAY FORWARD

Due to delays in completing the air-conditioning project in Building 31, it is now expected to be completed by the end of 2026. Consequently, all classes scheduled in Building 31 will continue to be presented online until further notice.

To accommodate students who have been attending these classes online, the faculty has decided to offer face-to-face revision sessions from **28 September to 9 October 2026**.

The following arrangements will apply:

1. All available venues in Building 30 will be placed in a central venue pool and allocated to subjects that were originally scheduled in Building 31.
2. All subjects currently scheduled in Building 30 will be temporarily moved to online delivery during this period.
