VACANCY BULLETIN

5 x Part-Time Lecturers
2027 Semester Contract
Electrical Engineering, eMalahleni campus
ref: 26/C20

The Department of Electrical Engineering, Faculty of Engineering and the Built Environment, has five (5) Part-time lecturer positions to teach Electronics IB, Digital Systems IB, Embedded Systems, Renewable Energy and Project (Diploma) subjects at the eMalahleni Campus.

INSTRUCTIONS: Applicants are required to submit, together with the CVs, a fully completed standardized application form available from the university intranet, as well as recently certified copies of qualifications and Identity Document. Failure to comply with this instruction will disqualify the candidate. Candidates may be subjected to appropriate psychometric testing.

Critical Performance Areas

- Presenting lectures and tutorials for the subjects mentioned above.
- Set assessments and examination question papers, and mark scripts.
- Keeping subject files up to date for each subject taught.
- Prepare practical activities for each subject, supervise, and evaluate individual project work.
- Being responsible for all general admin work related to the subjects, including updating study guides and lecturer materials on MyTUTor, and uploading assessment marks on ITS.
- Quality teaching and learning with technology.
- Implementing the faculty's teaching and learning strategy with evidence.
- Ensuring that all students do the lecturer's assessments on myTUTor.
- Ensuring that all allocated subjects adhere to the assessment structure and time frames (submission of marks, moderators, and other related processes)
- Motivating and reminding students to register (activate) their TUT4Life free email account.
- Using TUT4Life as the default means of communication for allocated subjects.
- Making all announcements regarding my subject(s) in class and myTUTor. If an announcement has not been posted to my group(s) on myTUTor, then an announcement is not formal.
- Sending email reminders to all students at least three days before the deadline for projects and assignments, and test dates. Take note that myTUTor can be configured to do this automatically.

Competencies

- The candidates should have experience teaching related subjects.

Requirements

- A relevant MEng/ MTech/ MScEng (NQF level 9) in Electrical Engineering.

Experience

- Three (3) years of relevant teaching experience in Electrical Engineering and/or 3 years of experience in industry.
- Experience with myTUTd2l (Brightspace) or other online content management systems will be advantageous. Registration with a relevant professional body (if applicable)

Women and People with disabilities are encouraged to apply.
