VACANCY BULLETIN

Part-Time Lecturers (X5)
ICT 1st Year and Foundation Unit
Soshanguve South Campus
REF. 26/G88

The ICT 1st Year and Foundation Unit requires the services of 6X Part-Time Lecturers at the Soshanguve South Campus.

INSTRUCTION: Applicants are required to submit, together with the CVs, proof of registration, academic record a fully completed standardized application form available from the university intranet as well as recently certified copies of qualifications and Identity Document. Failure to comply with this instruction will disqualify the candidate. Candidates may be subjected to appropriate psychometric testing and other selection instruments.

The successful candidates will provide lecturing services for the following content:

- Computing Fundamentals with A+ and/or N+ and/or Cloud Computing.

Key performance areas/Core functions:

- To provide lecturing duties for the extended/ foundation curriculum in the areas of Computing Fundamentals with A+ and/or N+ and/or Cloud Computing in line with the faculty's teaching strategy.
- Other lecturing duties, e.g. invigilating, marking scripts, processing marks on the learning management system, assessing/moderating, online material and video development.
- Attend the Unit's activities, such as meetings, mentorship, tutorship, panel interviews, workshops, and events.
- May be required to establish/ participate in ICT-related community engagement project(s).
- Other relevant academic duties, as required by the unit/academic manager, may include curriculum review and development, module coordination, and content development.

Minimum requirements:

Academic qualifications:

- NQF Level 9 master's degree in computing is the minimum requirement, but if suitable candidates with a Master's degree cannot be found, candidates with a Postgraduate

Women and people with disabilities are encouraged to apply.

- Diploma in Computing or a relevant degree qualification with A+ and/or N+ and/or Cloud Computing content will be considered.

Experience:

- 3 years of relevant teaching experience in Computing Fundamentals and/or Computer Networks, with a focus on A+ and/or N+ and/or Cloud Computing experience and/or 3 years' relevant industry experience.
- Experience in foundation-level teaching is a strong recommendation.

Attributes critical to the FYFU.

- An optimistic person who embraces innovation, the 4+ Industrial Revolution, and collaborates with other national/international talents in the 21st-century university landscape.
- Act with integrity, respect and accountability.
- Take initiative, engage in their studies, be willing to improve themselves and organisational services, and use technology to enhance work practices and services.

Registration with a professional body (if applicable):

- None

TCA: Please note that the department reserves the right not to employ for the advertised position.

Send your CV to: DlaminiSP@tut.ac.za

Closing Date: 18 November 2026

Enquiries: Mr MB Phurutsi, **Email**: PhurutsiMB@tut.ac.za, **Tel**: 012 382 9796

If we have not responded within a month of the closing date, you should regard your application as unsuccessful. Correspondence will be entered into only with short-listed candidates. The University reserves the right not to make an appointment. It is the intention of the University to promote representation in respect of race, gender, and disability through the filling of these posts. Preference will be given to candidates from the designated groups. Candidates are also required to complete the application form for employment. The application is available on the University's website, share point and the University's intranet.

Women and people with disabilities are encouraged to apply.
