PREAMBLE

Changes to higher education qualifications in South Africa

Government has introduced a single unified national qualification framework for education in South Africa that applies to all higher education institutions and improves the ability of students to move easily and more effectively from one qualification to the next, as well as between institutions. These changes are guided by the Revised Higher Education Qualifications Sub-Framework (HEQSF) as published in the Government Gazette on 2 August 2013. As a result, all public and private higher education institutions in the country, including Universities of Technology, were required to revise and align existing qualifications or develop new qualifications that meet the requirements of the new sub-framework. As guided by law, all higher education institutions will be allowed to register new students for the last time in non-aligned qualifications in January 2019 for year courses and July 2019 for semester courses. Please note that this publication will be updated with new programmes as they are approved. Please check on www.tut.ac.za or call the Contact Centre on 086 110 2421 to check qualifications before you apply or register.

TUT AS A UNIVERSITY OF TECHNOLOGY

The strategic focus of TUT as a university of technology is on the development of the human resources of South Africa. Learning programmes are developed, in collaboration with industry and professional bodies, around specific cutting-edge work-related competencies and specifications. The primary focus is thus professional and career-focused education. To promote readiness to practise the career, a system of cooperative education is in place at the institution, which allows the student to be exposed to a period of learning in the labour market. Academic offerings are also designed with the latest technological advances in mind, are student-centred and are aimed at on the development of the student in totality.

At TUT, the emphasis is on:

- Cutting-edge technology
- Innovation through to commercialisation
- Problem-solving skills
- Research and innovation
- Partnerships and networks
- Technological incubators, technology stations, centres and institutes
- Community engagement

The Tshwane University of Technology (TUT) is the largest residential educational institution in South Africa. It is well on its way to becoming one of the most technologically advanced institutions in the country. This unique institution has a student body that is one of the most demographically representative in the country in terms of both race and gender, reflecting the Rainbow Nation in all its diversity.

THERE IS A SIGN OF QUALITY

As a dynamic university of technology, the Tshwane University of Technology will provide you with unlimited opportunities for professional and personal development, while equipping you with skills and knowledge to live your life to the fullest and to create your own destiny. At TUT, we value the diversity of views, knowledge and abilities each member of the TUT stakeholder community brings to the University's quest for excellence in advancing and applying knowledge. Since the University supports progressive thinking and encourages innovation, TUT's seven faculties offer a broad spectrum of widely recognised programmes, many of which are unique to TUT, to choose from. With such a choice, you are bound to find a career just for you! While we excel in the cultural and sporting arena and have a vibrant student life, TUT remains an institution focused on academic excellence. We respond to the needs and challenges of our country and continent, thus new market-related courses are developed continuously in close collaboration with trade and industry. In this way, we can ensure that courses are affordable and that curricula have definite vocational and professional links. A system of cooperative education is in place at the institution. This exposes students to a period of learning in the labour market and promotes their readiness to practise their chosen careers. Academically, TUT is divided into seven faculties:

FACULTIES

- Faculty of Economics and Finance
- Faculty of Engineering and the Built Environment
- Faculty of Humanities
- Faculty of Information and Communication Technology
- Faculty of Management Sciences
- Faculty of Science, incorporating Natural Sciences, Health Sciences and Agriculture
- Faculty of the Arts

PROGRAMME INFORMATION

PLEASE NOTE

1. Life Orientation and an achievement level of 1 in a subject are not considered in the calculation of the Admission Point Score (APS).
2. Prospective students will not be admitted to any programme without prior evaluation.

Minimum admission requirements

TUT's admission requirements for entry-level programmes adhere to national legislation and therefore the following are required:

- BEd degrees: at least four subjects at performance level 4.
- National Diplomas: at least four subjects at performance level 3.

Please verify specific and additional requirements per programme as indicated in the brochure. Alternatively, prospectus can be downloaded from the link: <https://www.tut.ac.za/study-at-tut/i-want-to-study/what-to-study/prospectus>

ADMISSION POINT SCORE (APS)

Check online if you meet the requirements for consideration for admission into the programme(s) of your choice before you apply. To use this facility, please visit <https://www.tut.ac.za/study-at-tut/i-want-to-study/aps>.

ALTERNATIVE AND INTERNATIONAL QUALIFICATIONS

ACCEPTANCE IS SUBJECT TO AVAILABLE CAPACITY ACCORDING TO THE STUDENT ENROLMENT PLAN (SEP)

Alternative and international qualifications (HIGSCE, IGCSE, NSSC A&O Level, IB Higher and Standard Level, etc) are dealt with in a specific manner:

- While there is a legal imperative to submit the certificate of equivalence (issued by SAQA or the CHE) it is recommended that the application process be initiated while the application for certificate is in process.
- The Tshwane University of Technology cannot obtain this certificate on your behalf.

CONVERSION OF ALTERNATIVE/EQUIVALENT RECOGNISED CERTIFICATES

The following table and accompanying information gives an indication of how the University will evaluate the various certificates that may be offered as equivalent to the National Senior Certificate (SA). Where possible, the Univer-

sity will evaluate the listed qualifications as indicated. However, the University has the right to refer any application to the formal application processes through the Senate.

Please note: As from March 2005, a minimum score of 1500 is needed for admission to a National Diploma, with a subminimum of not less than 460 for Critical Reading, Mathematics and Writing. In accordance with HESA requirements, a minimum score of 1600 is needed for admission to a degree, with a subminimum of not less than 500 for Critical Reading and Mathematics and 550 for Writing. The percentiles on the SAT certificate can be used to derive scores for Mathematics and English, as indicated in the table above. The student's college entrance certificate (such as the certificate issued by the ACE School of Tomorrow) or individual SAT subject tests should be used for the scores of any other subjects required.

RECOGNITION OF PRIOR LEARNING, STATUS AND EQUIVALENCE

Candidates may also apply at the Office of the Registrar for Recognition of Prior Learning (RPL) or for admission via the Senate's discretionary route. The specific relevant documentation will be requested from these applicants, and these cases will be handled on an individual basis (see Chapter 30 of Part 1 of the Prospectus). Tel: 012 382 4672

FINANCIAL AID

GENERAL INFORMATION

To be considered for funding in any academic year, the applicant must ensure to follow due processes and comply with the terms and conditions stipulated and applicable to each funding category. Failing to do so will result in the application not being considered. **As a general rule, no late or incomplete applications will be accepted.**

Please consult the Financial Aid website at www.tut.ac.za/students/financial for updated and relevant information with regards to funding opportunities and application requirements.

AVAILABLE FUNDING

External funding

This funding refers to bursaries that are allocated to students from sources outside of the University.

These include undergraduate and postgraduate bursaries from public, private, corporate/industry, government, parastatals and international sources. Please consult our website for more information on possible funding opportunities.

Internal university funding

Internal awards are allocated to any bona fide student from first time entering students to postgraduate students who enrol at the University. It is the University's intention to attract and retain quality students by rewarding excellent academic and non-academic performance. It also serves the purpose of general support to students on merit as outlined by the specific policy that governs the funding category. For further detail on the application and allocation criteria of these bursaries please refer to the financial aid website mentioned above.

National Student Financial Aid Scheme (NSFAS)

The National Student Financial Aid Scheme (NSFAS) provides financial aid opportunities from various sources to academically deserving and financially needy students who wish to study at tertiary education institutions. The following provides general information on NSFAS. However, please consult the NSFAS website at www.nsfas.org.za, as well as the University website for more information.

Applications must be made directly to NSFAS, preferably online. Please use the above website to apply and for general information with regards to this process. Consult www.nsfas.org.za for future updates in this regard.

Who should apply?

- All new applicants (matriculates) or students who passed Grade 12 in previous years, but never registered at any university.
- Students who have never received NSFAS funding.

All students funded from the 2016 academic year onwards must register on the NSFAS website to verify their details.

Continued funding will depend on the student's annual academic performance.

Additional assistance can be provided to current and prospective students who would like to apply online, but do not have access. Please contact your local Financial Aid Office for more information (see contact details below).

Any student who needs assistance with their application are requested to ensure they bring all the necessary documents to apply (consult the NSFAS website for a checklist of these documents).

Access to any of the University campuses will only be granted on presentation of proof that you applied for admission at TUT.

Parents or guardians that accompany prospective students will also be required to present a valid ID to gain access.

All applicants must have a cell phone at hand in order to receive the "one-time pin (OTP)". This will be needed to complete the application process.

All applicants need to download the consent form first. Applicants with disability needs to download the consent form and the disability annexure A. All documents must be scanned in separately, as the system will ask you to upload individual documents. The system does not allow you to save and return, and you must finish the process. (You must have all your documents before starting the process.) Applicants must ensure to obtain and keep their reference number for use when making enquiries.

For more information please contact your local Financial Aid Office or NSFAS directly at 0860 067 327 or visit www.nsfas.org.za.

The University will not make any funding decision as this will be done by NSFAS. Final confirmation of the outcome of applications will be provided by the University based on this decision by NSFAS. It is therefore imperative that applicants follow the application processes and provide the required documentation before the closing dates.

CAREER COUNSELLING AND STUDY GUIDANCE

The Directorate of Student Development and Support offers a comprehensive CAREER COUNSELLING service. This service is available to all who would like to make an informed decision when choosing a programme to study or a career. The programme and career recommendations are not restricted to the Tshwane University of Technology only, but are directed at addressing the needs of the individual. The following specialised services are available to all prospective students:

- **Career counselling** interviews for basic information and the verification of study and career options as well as basic career planning (available at all learning sites at no cost).
- **Full psychometric assessment**, detailed feedback with recommendations on suitable study and career options and a comprehensive written report. This process is recommended to prospective students who are uncertain about their abilities, interests, personality and appropriate career options (available at specific learning sites; costs involved).

PROSPECTIVE STUDENTS WITH DISABILITIES

Non-disclosure

The University is under no obligation to accommodate a student's disability if the student wishes not to declare such disability.

Application and admission

Measures of accommodation will be determined by assessing the following:

- Physical infrastructure requirements, also specifically concerning
 - Accessibility of all buildings, including residences
 - Sport and recreational needs
- Counselling and support needs (including needs regarding selection and accommodation)
- External resources required and available
- Ability of academic programme, along with the Directorate of Teaching and Learning with Technology to accommodate the disability, more specifically in terms of:
 - financial,
 - logistical and
 - staffing abilities

- Personal support system and coping mechanisms for the person with the disability.

Contact the Disability Coordinator at the campus where you wish to enrol. Please phone the applicable number above for further information.

ACCOMMODATION, RESIDENCE LIFE AND CATERING

The Tshwane University of Technology (TUT) is the largest residential educational institution in South Africa. The quality of our residences is our first priority. We offer basic, quality accommodation to students at affordable rates. Being accommodated should not be regarded as a right, but rather a privilege and residents should respect their environment, facilities and fellow residents in order to ensure that facilities remain up to standard. Vandalism is regarded as a serious act of misconduct and a resident will face immediate expulsion if found guilty of vandalism. Each residence provides basic facilities, but certain specialised facilities are unique to specific residences.

Residing in our residences means much more than just eating and sleeping. It means meeting new people and interacting with others of diverse backgrounds, interests and lifestyles. It means learning in an environment conducive to study, where academic assistance is readily available. It means stepping into your new role as a university student with confidence.

Security

Security is of the utmost importance to staff and students. There are 24-hour security staff on duty at the residences at all times.

Disability facilities

Some residences are equipped to accommodate disabled students. Disabilities must be clearly indicated on your application form to ensure admission to the most suitable residence.

Laundry facilities

Washing machines and tumble dryers are available to residents at residences.

Parking

Parking is available to residents. A compulsory, fixed annual rate is payable in advance.

Student Life and Development

Student life programmes in residences are organised to meet the out-of class needs of all residents. Student development programmes are also presented in the residence environment.

Mentorship programme

Since it is compulsory for ALL first-year students to participate in the mentorship programme, students will be placed in specific residences according to their academic courses.

When to apply for residence accommodation

Our existing residences can only accommodate approximately 22% of all TUT students. It is therefore in students' own interest to act promptly, keeping the admission rules in mind.

1. Only TUT forms submitted on time will be taken into consideration.
2. Admission to a residence is possible only after successful academic acceptance and depends on the availability of space.

3. Successful applicants will be notified from November.
4. Late applications will not be considered for placement.

HEALTH AND WELLNESS

About Student Health and Wellness (H&W)

The Directorate of Health and Wellness provides comprehensive and confidential health and wellness services that promote health, prevent ill-health, and maintain and restore the mental and physical well-being of TUT students. The directorate strives to promote health and wellbeing among students.

Services and programmes Offered focus on health promotion and disease prevention

The directorate offers a range of Primary Health care services and treats minor ailments such as flu, headache, STI, wounds, ear problems. The directorate also offer reproductive health services e.g. family planning methods, condom distribution to mention a few.

- **Acute care** - we diagnose and treat every day minor illnesses - cold and flu, headaches, stomach problems, wound care etc.
- **Chronic care** - we diagnose chronic diseases e.g. Diabetes, Hypertension, Asthma, Epilepsy. We advise on management and refer to the local clinics or doctors for treatment.
- **Sexual & Reproductive health** - we offer contraceptives (family planning methods), prevention and treatment of sexually transmitted diseases, condom distribution, pregnancy testing and referral.
- **Mental health care** - we diagnose, manage and refer a variety of mental conditions such as anxiety, stress, depression, bipolar disorder etc.
- **Management of communicable/infectious diseases** - we offer screening, treatment and/or referral for those infected and affected with communicable diseases such as TB, measles, chicken pox etc.
- **Balance your Life, Alcohol and Substance abuse programme** - we offer programmes for prevention and risk reduction, management, support and referral for alcohol and substance abuse and smoking cessation.
- **Emergency care** - is provided to students through an appointed emergency medical service.
- **HIV/AIDS programme** - we offer HIV prevention programmes, counselling and testing, support and referral.
- **Gender Based Violence programme** - we offer collaborative approach to education on prevention of GBV, response to the individual needs, management and support to victims of sexual harassment and assault, rape and domestic violence.
- **Sexual diversity and Human Rights programme** - we offer education and support to men who have sex with other men, lesbian, gay, bisexual, transgen-

der and intersex community (MSM/LGBTI).

- **Wellness aspects** - The directorate offers wellness awareness and education through various methods such as seminars, campaigns workshops to mention a few.
- **Focus Group interventions** - we offer targeted group education and support programme e.g. Support groups, Gentlemen and Ladies Forums, Zazi female and male empowerment programmes.
- **Blood donation drive** - we hold blood donation drives as part of community outreach programme. The blood donation drives aim to encourage students and staff to donate blood in order to save lives.
- **Work Integrated Learning** - we offer relevant opportunities for work integrated learning (experiential learning) opportunities to final year students.
- The directorate also engages in various activities that include and not limited to: information sharing, health education, distribution of health and wellness pamphlets, other health promotional materials, residence interventions, seminars, campaigns, workshops, community outreach projects to mention a few.

Extracurricular Programme: Peer Education

The directorate of Health and Wellness (H&W) offers extracurricular learning and development in the form of the Peer Education Programme. The Peer Education Programme is a student volunteer-based programme that aim at promoting health and wellbeing among TUT students and surrounding communities. The programme is regarded as a useful strategy in promoting healthy living. The programme empowers students with soft skills that enables them to be developed holistically in support of the academic skills. Enrolled peer educators assist the Health and Wellness directorate to reach more students and community members through partnerships formed within other SAED directorates and surrounding communities. The peer education programme is further utilised as a strategy that promote peer to peer engagements on various life issues. Various ways in which peer education is utilised by the directorate serve as strengthening strategy that aims at behavioural change among students and supported communities. The programme has evolved into numerous H&W programmes that offer experiential opportunities to enhance leadership, interpersonal, communication and advocacy skills.

Peer Educators at TUT are assigned with the following responsibilities:

- Educators - provide basic information about healthy living and HIV awareness in a youth-friendly way.
- Role models - act as positive role models for students and reinforce positive

values and attitudes.

- **Supporters** - build trusting relationships with peers and provide support regarding psychosocial problems that place students at risk of contracting HIV and other health-related conditions.
- **Referral agents** - identify learners with psychosocial problems, support them and, if necessary, refer them to the Directorate of Health and Wellness or community agencies such as clinics and social workers.
- **Advocates** - raises awareness of issues and services available and make the Directorate of Health and Wellness aware of the health needs of students.
- **Peer Educators at TUT** also develop and participate in campus and community partnerships that advance health promotion initiatives.

Admission requirement(s): A National Senior Certificate or an equivalent qualification, with a higher certificate endorsement, or an equivalent qualification, with an achievement level of at least 4 for English (home language or first additional language) and Mathematics or Technical Mathematics and at least 3 for Physical Sciences or Technical Sciences.

Applicants who do not meet the requirements for Mathematics, Physical Sciences, or any of the two additional subjects may enroll for these subjects at any Technical and Vocational Education and Training (TVET) College (see National

N Certificate requirements), and if these are successfully passed at a performance level of at least 50%, they may re-apply for admission to the University. **Selection criteria:** To be considered for this qualification, applicants must have an Admission Point Score (APS) of at least 20.

Recommended subject(s): Electrical Technology and Engineering Graphics and Design.

- **FOR APPLICANTS WHO OBTAINED A QUALIFICATION FROM TECHNICAL AND VOCATIONAL EDUCATION AND TRAINING (TVET) COLLEGES (PREVIOUSLY KNOWN AS FET COLLEGES):**

Applicants with a National Certificate (Vocational) at NQF Level 4:

Admission requirement(s): A National Certificate (Vocational) at NQF Level 4, with a higher certificate endorsement, issued by the Council for Quality Assurance in General and Further Education and Training (Umalusi), with at least 50% for English and Mathematics and at least 40% for Physical Sciences and any three vocational subjects.

Selection criteria: To be considered for this qualification, applicants must have an Admission Point Score (APS) of at least 20.

Recommended subject(s): Electrical Principles and Practice, Electrical Systems and Construction, Electrical Workmanship, Electronic Control and Digital Electronics.

Applicants with a National N Certificate as published in Nated 191: N3 (NQF Level 4):

Admission requirement(s): A National Senior Certificate and a National N Certificate as published in Nated 191: N3 (NQF Level 4) issued by both the Department of Higher Education (DHET) and the Council for Quality Assurance in General and Further Education and Training (Umalusi), with at least 50% for English, Mathematics N3, Engineering Sciences N3 and any two N3 vocational subjects.

Selection criteria: To be considered for this qualification, applicants must have an Admission Point Score (APS) of at least 20.

Recommended subject(s): Electrical Trade Theory, Electro Technology, Engineering Drawing and Industrial Electronics.

Assessment procedure: All applications received by the published due dates will be ranked according to the APS achieved. After consideration of the Departmental Student Enrolment Plan (SEP), only the top performing applicants will be selected. A waiting list consisting of the remainder of the applicants will provide an opportunity for applicants to fill places created by accepted students failing to meet the enrolment dates. Applicants will be informed per official letter from the Office of the Registrar.

Minimum duration: One year.

Presentation: Day classes. Classes and assessments may take place on Friday

afternoons and/or Saturdays.

Intake for the qualification: January only.

Closing date for application: 30 September.

Approximate first-year class fees: R49 940.

Possible careers: Design, planning, construction and maintenance of specialised fields systems related to electrical engineering.

BACHELOR OF ENGINEERING TECHNOLOGY IN ELECTRICAL ENGINEERING (BPPE19) - NQF Level 7 (420 credits)
SAQA ID: 101903, CHE NUMBER: H/H16/E022CAN

Campus where offered: Pretoria and eMalahleni campuses

Admission requirement(s) and selection criteria:

- **FOR APPLICANTS WHO OBTAINED A NATIONAL SENIOR CERTIFICATE IN OR AFTER 2008:**

Admission requirement(s): A National Senior Certificate, with a bachelor's degree endorsement, or an equivalent qualification, with an achievement level of at least 5 for English (home language or first additional language), an additional language, Mathematics or Technical Mathematics, Physical Sciences or Technical Sciences and two additional subjects.

Selection criteria: To be considered for this qualification, applicants must have an Admission Point Score (APS) of at least 30.

- **FOR APPLICANTS WHO OBTAINED A QUALIFICATION FROM TECHNICAL AND VOCATIONAL EDUCATION AND TRAINING (TVET) COLLEGES (PREVIOUSLY KNOWN AS FET COLLEGES):**

Applicants with a National Certificate (Vocational) at NQF Level 4:

Admission requirement(s): A National Certificate (Vocational) at NQF Level 4, with a bachelor's degree endorsement, issued by the Council for Quality Assurance in General and Further Education and Training (Umalusi), with at least a 60% (APS of 5) for English, Mathematics, (excluded for APS calculation) and at least 70% (APS of 6) for Physical Sciences or Applied Engineering Technology and any three other vocational subjects.

Selection criteria: To be considered for this qualification, applicants must have an Admission Point Score (APS) of at least 34.

Applicants with a National N Certificate as published in Nated 191: N3 (NQF Level 4):

Admission requirement(s): A National Senior Certificate and a National N Certificate as published in Nated 191: N3 (NQF Level 4), issued by both the Department of Higher Education (DHET) and the Council for Quality Assurance in General and Further Education and Training (Umalusi), with at least

60% (APS of 5) for English and at least 60% (APS of 5) for Mathematics N3 and Engineering Sciences N3.

Selection criteria: To be considered for this qualification, applicants must have an Admission Points Score (APS) of at least 30.

Applicants with a N Diploma as published in Nated 191: N4/N5/N6 (NQF Level 5):

Admission requirement(s): A National Senior Certificate and a National N Diploma (Nated 191: N4/N5/N6) at NQF Level 5, issued by both the Department of Higher Education (DHET) and the Council for Quality Assurance in General and Further Education and Training (Umalusi), with at least 60% (APS of 5) for English and at least 60% (APS of 5) for Mathematics N4, N5 and N6 and Engineering Sciences N4.

Selection criteria: To be considered for this qualification, applicants must have an Admission Points Score (APS) of at least 30.

- **FOR APPLICANTS WITH QUALIFICATIONS ON THE HIGHER EDUCATION QUALIFICATION SUB-FRAMEWORK (HEQSF) OFFERED BY UNIVERSITIES OF TECHNOLOGY:**

Admission will be based on academic performance; availability of space; and an interview.

The applicant will be considered for admission to the programme, if any of the following qualifications has been completed:

- Higher Certificate in Electrical Engineering (NQF Level 5 - 140 credits): at least 60% for all modules completed.
- Advanced Certificate in Electrical Engineering (NQF Level 6 - 140 credits): at least 60% for all modules completed.
- Diploma in Electrical Engineering Technology (NQF Level 6 - 280 credits): at least 60% for all modules completed.
- Diploma in Electrical Engineering (NQF Level 6 - 360 credits): at least 60% for all modules completed.
- National Diploma: Engineering: Electrical (NQF Level 6 - 3,000 credits): at least 60% for all subjects completed.

Assessment procedure (not applicable to applicants with qualifications on the HEQSF):

All applications received by the published due dates will be ranked according to the APS achieved. After consideration of the departmental Student Enrolment Plan (SEP), only the top performing applicants will be selected. A waiting list consisting of the remainder of the applicants will provide an opportunity for applicants to fill places created by accepted students failing to meet enrolment dates. Applicants will be informed per official letter from the Office of the Registrar.

Possible careers: Design, planning, construction and maintenance of specialised fields systems related to electrical engineering.

GEOMATICS

NATIONAL DIPLOMA: SURVEYING (NDSU03) - NQF Level 6

Campus where offered: Pretoria Campus

Important notification to new applicants: No new applications will be accepted as from 2020. Students who enrolled for this qualification for the first time in 2017 (or thereafter), should note that it will not be possible to continue with any Baccalaureus Technologiae as from 2020, since it is being replaced by qualifications aligned with the newly-implemented Higher Education Qualification Sub-Framework. Potential students are advised to consult the University's website for any new qualifications which might not be published in this Brochure.

Admission requirement(s) and selection criteria:

- **FOR APPLICANTS WHO OBTAINED A NATIONAL SENIOR CERTIFICATE IN OR AFTER 2008:**

Admission requirements: A National Senior Certificate with a bachelor's degree or a diploma endorsement, or an equivalent qualification, with an achievement level of at least 4 for English (home language or first additional language), 4 for Mathematics and 3 for Physical Sciences.

Applicants who do not meet the requirements for Mathematics and/or Physical Science may enrol for Mathematics N4 and/or Engineering Sciences N4 at any Technical and Vocational Education and Training (TVET) college, and if these are successfully passed at a performance level of at least 60%, they may re-apply for admission to the University.

Selection criteria: To be considered for this qualification, applicants must have an Admission Point Score (APS) of at least 20.

- **FOR APPLICANTS WITH A NATIONAL CERTIFICATE (VOCATIONAL):**

Admission requirement(s): A National Certificate (Vocational) at NQF Level 4, with a bachelor's degree or a diploma endorsement, issued by the Council for Quality Assurance in General and Further Education and Training (Umalusi), with at least 50% (APS of 4) for English and Mathematics, and at least 60% (APS

of 5) for Physical Sciences/Applied Engineering Technology and any other two vocational subjects.

Selection criteria: To be considered for this qualification, candidates must have an Admission Point Score (APS) of at least 23.

Assessment procedures: All applications received by the published due dates will be ranked according to the APS achieved. After consideration of the Departmental Student Enrolment Plan (SEP), only the highest ranked applicants will be accepted to fill the available places. A waiting list consisting of the remainder of the applicants will provide an opportunity for applicants to fill places created by accepted students failing to meet the enrolment dates.

Minimum duration: Three years.

Presentation: Day classes. Classes and assessments may take place on Friday afternoons and/or Saturdays.

Intake for the qualification: January only.

Closing date for application: 30 September.

Approximate first-year class fees: R40 680.

Possible careers: Surveying technician, surveyor and professional topographic or engineering surveyor, GIS/LIS, photogrammetrist.
