

HOW TO CONNECT?

For Staff

01

Search for Eduroam

Switch on the WiFi on your mobile device and search for Eduroam under the available networks

02

Enter credentials

Identity = Active directory (AD) username (TUT surname & initials)

Password = AD password

03

CA certificate

Click on CA certificate and select "Do not validate"

04

Connect

Click on the "Connect" button to get access to the internet

● EAP method remains PEAP

● Do not key in anything on anonymous identity

Authentication

Are you connected but have no access to the internet?

If so, follow the steps below:

Open your browser and go to an external website such as: <https://www.ask.com/>

Use your active directory details and click on continue on the screen similar to the one below
