

D2L Brightspace Learning Management System

Pulse online application for handheld devices

#11

Currently, 56% of Blackboard users are accessing the LMS using devices (smart phones and tablets). Although Brightspace can be accessed through any browser on your device, there is also an optional online Application (APP) to ensure an enhanced user experience on your personal device.

Q: How do you access the online APP for your device?

A: Download the Application (APP) on your handheld device using the following process:

- Search for the Brightspace Pulse Application (App) in the App Store (IOS users) or Play Store (Android users) and download the App. (Note that the App is not available HUAWEI users. The browser should be used for access.)
- Open the app and search for the TUT site, or enter the TUT URL: mytutor2l.tut.ac.za
- Login using your TUT email address and enter your TUT Active Directory password.

OR

Access the LMS via a browser on your handheld device:

- Use the following URL: <https://mytutor.tut.ac.za/>
- Username: TUT email address
- Password: TUT Active Directory password
