

Release notes (January - May 2022)

#33

myTUTOR is continuously being improved and updated based on customer requirements and identified issues are fixed. These improvements, updates and fixes to the system are communicated monthly on the [Brightspace Community Website via Release Notes](#). The updates for January until May 2022 are available in the [myTUTOR Resource Module](#). This [video](#) is a quick summary and visual explanation of the high impact myTUTOR system changes.

Q: Which *myTUTOR* system changes will impact lecturers?

A: The following new Release Notes highlight changes that will make *myTUTOR* easier to use:

- Intelligent Agents - Add and Assign Categories
- Copy Announcements
- Print and Download documents
- Intelligent Agents - Hourly scheduling
- Manage Files - Improved messaging
- New Content - Date management
- Context Link Menu - Preview Quicklinks
- Awards - Exclusion of non-student roles
- Pulse App - Added @mention push notifications
