D2L Brightspace Learning Management System

Embedding a video into myTUTor (Brightspace)

#5

The cost access to data by our students is a barrier to teaching and learning in South Africa. Therefore, the effective use of data has become a critical component to effective teaching and learning in our new online reality because of the Covid-19 pandemic.

Q: What is *the correct way* of embedding a video into myTUTor?

A: Use the two methods below to embed videos and save on data.

- Go to the relevant lesson >
  o Insert Stuff > YouTube.

- Go to the relevant lesson >
  o Insert Stuff > Insert Link (Ensure that you insert the link from YouTube videos)
