

D2L Brightspace Learning Management System

Pulse online application for handheld devices

#2

Although the new *myTUTOR* LMS is available through your browser, there is an optional online App to access the LMS on your handheld devices. Easy access is possible for notifications, announcements, deadlines, assignments, content, scheduled events and checking of grades.

Q: How do I access the Brightspace Pulse App for handheld devices?

A: Download the App on your handheld device by following this process:

- Search for the **Brightspace Pulse App** in the App Store (iOS users) or Play Store (Android users) and download the App (Note that the App is not available for HUAWEI users. The browser should be used for access.)
- Open the App and search for the TUT site (type in TUT), or enter the TUT URL mytutor21.tut.ac.za
- Login using your TUT4Life email address and enter your TUT4Life email password.

Changes and updates to the TUT4Life email address can be made at <https://tut4life.tut.ac.za/>
